The Secret Garden invites visitors to explore its serene paths and discover hidden gems, creating an atmosphere of mystery and tranquillity. The Churchill Memorial Garden serves as a poignant tribute, blending history and horticulture in a harmonious display. Finally, the Rose Garden enchants with its delicate blooms, providing a sensory feast for all who wander through its fragrant pathways.

Visitors can enjoy statues, art, and explore the Gardens. Permanent fixtures include "Untitled" by Georg Baselitz and Capability Brown's famous landscape. Take a Lakeside Walk to the Rose Garden, stroll through water terraces to see fountains, or visit the New Winston Churchill Memorial Garden.

There are also several facilities with good places to eat and drink.
